## *A Message from the Publisher*

---

This is the **32nd annual edition** of the “Guide to Medical Services - Indian River County.”

The Guide has been updated to reflect the changes that have taken place in the past year. See the Table of Contents on the next page, for a review of contents.

The directory contains a list of every physician located and practicing in Indian River County, by specialty. “Physicians” are defined as Medical Doctors, (M.D.s), Doctors of Osteopathy (D.O.s), or Doctors of Podiatric Medicine (D.P.M.s).

Board certification is a process by which a professional demonstrates a mastery of advanced knowledge and skills through written, oral, practical, or simulator-based testing. It is a voluntary process and not a legal requirement for a physician to attain it. The commonly used acronym BE/BC (board eligible/board certified) refers to a doctor who is eligible or is certified to practice medicine in a particular field.

The names of those physicians choosing to include their biographies in the Medical Specialty Section have an asterisk after their name. Biographies start on page 96.

To find a physician listing in the Medical Specialty Section, if you are not sure of the specialty, find his/her name in the Telephone Directory and note the page reference in parenthesis.

Our advertisers have made this guide possible. They are listed in bold type in the Telephone Directory Section with a page reference to their ad. We are most appreciative of their support.

Please Note: As this directory includes information available through the fall of 2023, it may contain omissions or errors. Please notify the publisher of any errors or changes you may discover. The publisher expressly disclaims any liability for loss or damage that may result from errors contained herein.

All phone numbers in this directory are in area code 772 unless otherwise noted. All addresses are in Vero Beach or Sebastian (Seb.) unless otherwise noted.

We trust this guide will assist you in accessing the fine medical services available to consumers in Indian River County. We welcome your comments.

Sincerely,

Cindy Bryant

## SECTION I - Physicians by Medical Specialty

This section defines the major medical specialties, listing the name, address and telephone number of each practicing physician. All city addresses are Vero Beach, unless noted otherwise as Sebastian (Seb.).

### ALLERGY AND IMMUNOLOGY

Diagnosis and treatment involves the management of disorders related to the immune system. Including allergic reactions to foods, drugs, chemicals, insect stings and pollens. Allergic conditions include hay fever, asthma, hives, dermatitis, eczema and acquired immune deficiency diseases. These conditions range from the very common to the very rare, spanning all ages and encompassing various organ systems.

#### Michael B. Wein, M.D.

3375 20th Street, Suite 140  
299-7299

### ANESTHESIOLOGY

The administering of drugs to help ensure the safety of patients undergoing surgery. The anesthesiologist provides care for the patient to prevent the pain and distress they would otherwise experience. This may involve general anesthesia ("putting the patient to sleep"), sedation (intravenous medications to make the patient calm and/or unaware) or regional anesthesia (injections of local anesthetic near nerves to "numb up" the part of the body being operated on (i.e. nerve blocks or spinal/epidural injections).

 3450 11th Court, Suite 105 | 563-4580

## CRITICAL /INTENSIVE CARE MEDICINE

A branch of medicine concerned with the diagnosis and management of life-threatening conditions that may require sophisticated organ support and invasive monitoring.

Patients requiring intensive care may require support for instability (hypertension/hypotension), airway or respiratory compromise (such as ventilator support), acute renal failure, potentially lethal cardiac arrhythmias, or the cumulative effects of multiple organ failure, more commonly referred to now as multiple organ dysfunction syndrome. They may also be admitted for intensive/invasive monitoring, such as the crucial hours after major surgery when deemed too unstable to transfer to a less intensively monitored unit.

## FAMILY PRACTICE MEDICINE

The prevention, diagnosis and treatment of a wide variety of common illnesses and injuries. Focusing on the continuing and comprehensive health care for the individual and family across all ages, genders, diseases, and parts of the body. The goal is to provide personal, comprehensive, and continuing care for the individual in the context of the family and the community. Some physicians specialize in geriatric medicine, advising and treating older patients on disorders common to aging.

## HOSPITAL EMERGENCY MEDICINE

Treatment is focused on the immediate decision-making and action necessary to prevent death or any further disability; immediate initial recognition and evaluation of acute illness or injury and the provision of appropriate short-term care and treatment.

Emergency physicians are responsible for initiating investigations and interventions to diagnose and/or treat patients in the acute phase (including initial resuscitation and stabilization), coordinating care with physicians from other specialties, and making decisions regarding a patient's need for hospital admission, observation, or discharge.

## PODIATRY

The diagnosis and medical and/or surgical treatment of the lower extremity below the knee. Podiatrists generally treat conditions of the foot and ankle. Common conditions treated include sprains, fractures, skin disorders, infections, chronic wounds, heel pain, ingrown toenails, warts, hammertoes and bunions. Preventative and palliative solutions such as routine care, braces, splints, orthotics (arch supports), shoes, physical therapy, injections, tapings, casts, etc. may be provided.

**PSYCHIATRY**

Psychiatrists are trained medical doctors. Devoted to the diagnosis, prevention, study and treatment of mental disorders. These include various abnormalities related to mood, behavior, cognition and perceptions. Including emotional disorders, depression, anxiety disorders, substance abuse, developmental disabilities and sexual dysfunctions. They can prescribe medications and spend much of their time with patients on medication management as a course of treatment. Psychiatrists attend medical school and are trained in general medicine. After earning an MD, they practice four years of residency training in psychiatry.

**PSYCHOLOGY**

Licensed Psychologists focus extensively on psychotherapy and treating emotional and mental suffering in patients with behavioral intervention. Including emotional disorders, depression, anxiety disorders, substance abuse, developmental disabilities and sexual dysfunctions. Psychologists must obtain a doctoral degree (either a Ph.D., Psy.D.). They receive one of the highest levels of education in the healthcare profession, with an average of seven years in education and training after they receive their undergraduate degrees. After years of graduate school and supervised clinical training, they be come licensed by their states to provide a variety of services, including psychological evaluations. Psychologists help individuals develop the skills to cope more effectively with life issues and mental health problems. Psychologists use a variety of techniques based on evidence-based rese arch and with consideration of the individual's unique values, attributes, goals, and situations.

## RADIOLOGY

A science that uses medical imaging to diagnose and therefore treat diseases seen within the body.

A variety of imaging techniques such as X-ray radiography, ultrasound, computed tomography (CT), nuclear medicine including positron emission tomography (PET), and magnetic resonance imaging (MRI) are used to diagnose and/or treat diseases. Interventional radiology is the performance of (usually minimally invasive) medical procedures with the guidance of imaging technologies.

## SURGERY

The pre-operative, operative and post-operative care of surgical patients in a broad span of surgical conditions, affecting most areas of the body. Also can involve comprehensive management of the trauma victim or the critically ill. A recently developed technique, laparoscopy surgery, particularly of the gall bladder, is increasingly in use. There are many subspecialties of surgery.

## SECTION IV - Hospitals

### ENCOMPASS HEALTH REHABILITATION HOSPITAL

1600 37th Street • 563-4070

Encompass Health Rehabilitation Hospital is an 80-bed acute Rehabilitation Hospital located in Vero Beach. In existence for over 25 years, the hospital has been the only freestanding rehabilitation hospital providing comprehensive, interdisciplinary services for patients in Indian River, St. Lucie, Martin, and Okeechobee counties.

The hospital is licensed by the State of Florida and accredited by the Joint Commission. Encompass Health is committed to a higher level of care, their stroke rehabilitation and brain injury rehabilitation programs have earned Disease-Specific Care Certification from The Joint Commission in addition to Joint Commission accreditation. This Gold Seal of Approval® is a direct reflection of their commitment to provide comprehensive treatment programs to help patients reach maximum outcomes. The Hospital is noted for its outstanding patient satisfaction, discharge to community and outcomes achieved – all key indicators of successful rehabilitation.

**NOW OFFERING DIRECT ADMISSIONS FROM HOME!**

**NO REFERRAL REQUIRED AS WE WELCOME SELF REFERRALS...**

Call us directly for in home evaluation. Join us for monthly STROKE SUPPORT and Amputee Groups.

Encompass Health's specialized inpatient rehabilitation programs are enhanced with their investment in the most innovative and advanced technology for rehabilitation services. The technologies they offer are:

- Interactive Metronome™
- VitalStim®
- MOTomed
- B.I.T.S. Balance System
- TRANS-SIT
- Ampcare

Encompass Health provides a wide range of inpatient services to those who have experienced major trauma and/or illnesses including brain injury, stroke, burns, amputations, cardiac disease, neuromuscular disease, falls, post hospital care, and arthritis, to name a few. Care is provided by their clinical team comprised of Physical, Occupational, Speech, Respiratory Therapy, Case Management, Rehab Nursing, Primary Care Physicians and Physiatrists (Physical Medicine and Rehab M.D.s).

## SECTION IV - Hospitals

### CLEVELAND CLINIC INDIAN RIVER HOSPITAL

1000 36th Street • 567-4311 • ccirh.org

Cleveland Clinic Indian River Hospital is a 332-bed not for profit hospital. Founded by Garnett Radin, R.N., in 1932. The hospital features all private rooms and is the largest private-sector employer in Indian River County with over 2,000 employees. The hospital is accredited by The Joint Commission and a number of departments and services have received state and national certification.

The Welsh Heart Center offers cardiac surgery, angioplasty, electrophysiology and a full array of cardiac services. The outstanding cardiac surgery outcomes have earned it recognition as one of the top cardiac surgery programs in America by the Society of Thoracic Surgeons.

The Scully-Welsh Cancer Center has a personalized, team-based approach to cancer care with navigation services and a patient-centered facility. The cancer program has maintained accreditation since 1989 by the American College of Surgeons Commission on Cancer.

The hospital's high quality endoscopy services, vascular surgery, orthopaedic surgery and neurosurgery techniques and technologies have earned national recognition. The 43-bed Emergency Department features an acute care area for serious and potential life-threatening problems and an express care area for scrapes, cuts, colds and other minor issues.

The Behavioral Health Center provides inpatient care for children and adults. The medical center's stroke program was designated as a Primary Stroke Center of Excellence by The Joint Commission and is the only hospital in Indian River County that provides 24/7 interventional neurology stroke services. Services also include an award-winning Wound Healing Center that features three hyperbaric oxygen chambers; two Medication Management Clinics; the Rehabilitation Therapy Center for outpatient hand, physical, occupational and speech therapies; and a weight loss surgery program. Indian River County's only maternity service, the hospital welcomes more than 1,200 new babies to the world each year.

More information and a complete list of physicians can be found by visiting [ccirh.org](http://ccirh.org).

## HOW WE CAN HELP

*Thank you, Indian River County, for supporting Senior Resource Association over the last 50 years in our mission to promote independence and dignity for older adults by providing programs and services at low and no-cost.*

### DayAway Enrichment and Respite

Daily socialization, meaningful engagement, and activities. Respite for caregivers, with convenient locations in Vero Beach and Sebastian.

### Public Guardian Program

Court-assigned personal and financial management, protecting rights of seniors.

### Community Coach

Pre-arranged, door-to-door service for 55+ or transportation disadvantaged riders.

### Emergency Alert Response System

Fast, reliable 24/7 emergency assistance at the push of a button or automatic fall detection.

### Silver Tones

Volunteer senior choral group, a meaningful musical outlet and community service.

### Meals on Wheels

Volunteers deliver hot, nutritious meals and daily wellness visits to isolated and homebound seniors.

### In-Home Services

Homemaking services, medication management, companionship. Respite for caregivers.

### Durable Medical Equipment

Zero-cost access to wheelchairs, walkers, shower chairs and other medical equipment.

### Emergency Home Energy Assistance

Financial assistance for eligible electric bills.

### GoLine Transportation

Zero-fare bus system for all ages, with 14 Indian River County routes.

Gregory Bahtiarian, D.O.  
Sebastian

## The 5-Star Primary VIPcare Experience

More time with your doctor  
at every appointment

Same-day urgent care  
appointments for our patients

Preventive and chronic  
care management

We rise above our peers when it comes to quality of care, but what really makes this an exceptional practice is that we cater to those who need it most. We accept patients with both traditional Medicare as well as those with Medicare Advantage plans.

- Environmental Health
- Community health improvement and outreach
- Public health preparedness and response
- County Human Services assistance program, 226-1423

**We Care Clinic and We Care Coordinator**

We Care Clinic at TCCH:

787 37th Street, Suite E-140 | Vero Beach, FL 32967 | 794-7422

The We Care program, founded in 1991, provides free medical services for uninsured, low-income Indian River County residents 18 years and older. Our dedicated volunteer physicians make these services possible. They include cardiologists, gastroenterologists, urologists, oncologists, radiologists, surgeons, and other health care professionals.

With our unwavering commitment to improving the health of disadvantaged residents of our community, we form community collaborations and provide the essential services needed while advancing the We Care mission.

These vital services offered by physicians who volunteer their time and care are valued at more than \$1 million annually. However, other medical needs such as short-term prescription assistance, transportation for medical appointments, cataract lenses, medical supplies, and more are needed for patients who otherwise could not afford them. The We Care Foundation of Indian River, a 501(c)3 nonprofit organization, was formed in 2011 to help fund these needs. The Foundation's mission is to improve continuity of care for patients in need, and the We Care Mission is advanced with our community's donations and support.

The We Care Clinic has relocated from Gifford to an office in the TCCH clinic at 787 37th Street, Suite E140. It is staffed by a compassionate Care Coordinator whose mission is to improve the continuity of care - Resulting in an enriched quality of life.

### **CANCER:**

#### **Cleveland Clinic Indian River Hospital | Scully-Welsh Cancer Center**

3555 10th Court, Vero Beach, 563-HOPE (4673)

The Scully-Welsh Cancer Center brings world-class cancer care to the Treasure Coast. Located on the campus of the Cleveland Clinic Indian River Hospital, the comprehensive program encompasses outpatient, inpatient, and surgical care. Dedicated operating suites within the main hospital allow surgeons to perform the most intricate procedures in a setting designed specifically for the surgical treatment of cancer.

The outpatient facility offers a full range of medical oncology, radiation oncology treatment, resources for cancer patients and their families, and physician offices, all in one convenient location. Same-day or next-day appointments are available with oncology physicians. To help guide treatment plans as quickly as possible, follow-up with diagnostic results is fast-tracked. Early diagnosis provides better outcomes for patients and the Scully-Welsh Cancer Center provides the very best care without having to travel or wait for appointments.

### **CARDIOLOGY:**

#### **Cleveland Clinic Indian River Hospital | Welsh Heart Center**

1000 36th Street | 770-6857

The Welsh Heart Center offers cardiac surgery, angioplasty, electrophysiology and a full array of cardiac services including transcatheter valve replacement (TAVR), MitraClip, Patent Foramen Ovale (PFO) repair, Watchman and Shockwave procedures. The medical center's outstanding cardiac surgery outcomes have earned it recognition as one of the top cardiac surgery programs in America by the Society of Thoracic Surgeons. CCIRH received quality awards based on patient outcomes from the American Heart Association:

- American Heart Association/American Stroke Association's Get With The Guidelines® Stroke Gold Plus with Honor Roll Elite and Target: Type 2 Diabetes Honor Roll Achievement Award for 2021
- American Heart Association Achievement Award Get With The Guidelines® Heart Failure Gold Plus with Honor Roll Achievement Award for 2021

## SPECIALTY TREATMENT CENTERS & SERVICES

### SPEECH:

**Cleveland Clinic Indian River Hospital Rehabilitation Services**  
563-4650

The Rehabilitation Therapy Center offers a full range of physical, occupational, hand and speech therapy services for adults. We offer specialists for various types of therapy and for specific diagnosis to help regain function in your daily life activities. Whether the deficit is acute or chronic, patients may benefit from these therapeutic disciplines. All patients must have a physician's order to initiate therapy services. As a hospital-based therapy center, patients are assured a safe environment to receive their care.

Our therapists provide care for patients through:

- a comprehensive evaluation and plan of care
- personalized and activity-specific exercise program designed to restore function
- patient and family education including home exercise program

Sebastian, 388-5251

## EMERGENCY ALERT RESPONSE SYSTEM

### Senior Resource Association

569-0760

## Senior Bulletin Board

*A Calendar of Events for Active Seniors*

S

enior Bulletin Board is a community oriented monthly newsletter published nine times a year, October through June.

Each month the publication contains listings of activities available to Seniors throughout Indian River County. Copies are available the first of the month at over 90 locations.

**Published by: Phil and Carol VanVynckt**  
951 Old Dixie Highway, Suite A11  
Vero Beach, Florida 32960  
Tel: 563-0863 • Email: SrBulletinBoard@aol.com

## How to Dispose of Unwanted Medications

Proper disposal of expired or unwanted prescription and over-the-counter medications protects the health of the community by preventing accidental overdose and potential abuse of these medications. It also protects our water supply and environment.

### NEVER DISPOSE OF MEDICATIONS BY FLUSHING THEM DOWN THE TOILET OR DRAIN!

#### HOW TO SAFELY DISPOSE OF MEDICATIONS:

1. Keep the medicines in the original container.  
This will help identify the contents if they are accidentally ingested.
2. Mark out your name and prescription number for safety.
3. For pills: add water or soda to start dissolving them.  
For liquids: add something inedible like cat litter or dirt.
4. Close the lid and secure with duct or packing tape.
5. Place the bottle(s) inside an opaque (non see-through) container like a detergent container.
6. Tape the container closed.
7. Hide the container in the trash.
8. Do not put in the blue recycling cart.

#### DRUG TAKE-BACK PROGRAMS

**Residents may take expired or unwanted medications to the following locations:**

Walgreens at 1705 US Hwy 1 in Vero Beach,  
CVS at 8495 US Hwy 1 in Wabasso, and Walmart  
Pharmacy at 2001 US Hwy 1 in Sebastian

**Please do not bring sharps to the medication disposal boxes or put them in the blue recycling cart.**

Visit <https://takebackday.dea.gov>  
to learn about the next  
Drug Take Back Day!

Important: Residents may only transport prescription medications that have been prescribed to them, not any belonging to friends or relatives. Transport medications in their original container.

## SECTION IX- Skilled Nursing Facilities

Skilled nursing facilities are legally classified and licensed as such by the state of Florida.

All facilities listed provide full nursing care to meet a variety of needs.

The nursing facilities differ in size and environment. All of them welcome inquiries and provide on-site tours and information.

The patient's physician will often be involved in the decision to be admitted to a nursing facility, but will not select the facility. The physician must write an order for nursing facility care for those covered by Medicare or Medicaid. Prospective nursing facilities should be visited before selection and assessment made for criteria such as:

- Fees and insurance coverage
- Physical facilities and environment
- Services provided, including amenities
- Staff size and duties

The patient or family should try to talk with families of people who are in nursing facilities. Asking questions of the nursing facility staff is very important.

*\* Long-Term Care Insurance for custodial care in a nursing facility is available through private insurance carriers. Custodial care is not covered by Medicare or most Medicare Supplement policies. Such insurance, if indicated by personal finances and other criteria, should be purchased before the applicant requires care.*

### Garden View Health and Rehabilitation

## SECTION XI - Home Health Care Services

Home health care providers include state licensed companies and independent health care professionals. Listed below are types of companies licensed by the Florida Agency for Health Care Administration to provide services in the home.

**Medicare reimbursed intermittent service companies:** These companies are licensed to receive Medicare reimbursement. Their services must be ordered by a physician, and you must be homebound to be eligible. The services are intermittent, meaning services are provided for certain times per week for a certain length of time. These Medicare agencies will provide nursing care; physical, speech, occupational respiratory and IV therapy; nutritional guidance and medical social services in the patients home or place of residence. When your condition has improved, and you have met your goals, Medicare services are discontinued until you need them and are eligible again.

### Activa Home Health

### Indian River Home Care, Inc.

65 Royal Palm Pointe, Suite A  
569-3885

### Mederi Caretenders

603 17th Street, 794-9777

### VNA Hospice

Hospice is a special kind of care for people who are no longer seeking a cure for their life-limiting illness. Hospice focuses on providing quality of life through medical, emotional, and spiritual support to patients and their families in the comfort of their homes, the hospital, assisted living facilities, or wherever a patient calls home. VNA Hospice House is also available when hospice patients can no longer manage care in their homes.

445 24th Street, Suite 300 • Vero Beach • 410-4462

### NHC Home Care

## We're Here For You

For more than 40 years we've been here for our community offering a unique continuum of care. Whether you need post-surgical home health clinical support or extra help around the house to assist with everyday activities, whether you need help with a life-limiting illness or a shoulder to lean on, think VNA.

*VNA. Your trusted source for home care, hospice and private care.*

**772.410.4462**  
www.vnatc.com

## SECTION XI - Home Health Care Services

**Private duty custodial service companies:** These services are custodial meaning you can request the service for as many hours and as many days as you need. A doctor's order is not needed. The services are private pay, however, as Medicare will not pay for custodial care. Some long term health care policies and some VA benefits will reimburse these custodial services. These home health companies may provide home health aides and homemaker/companion services in the patient's home or place of residence. There are three types of licenses given for private duty companies. They include agencies, registries and companion services.

**Types of private duty companies:** As mentioned previously, there are three licenses issued for private duty companies: agencies, registries, and companion companies. The company's license number letters will differentiate the distinction. HHA – agency. NR – registry. HCS – companion.

**Agencies** - Use their own employees to provide services. These employees are directly supervised by a Registered Nurse, and the employees are covered by worker's compensation and the company's liability policy. Services may include nursing, home health aide, and companion care.

## SECTION XI- Home Health Care Services

### Types of Home Healthcare Services

#### Social Work

Social workers and case managers are specially trained and knowledgeable about available community resources, social and psychological needs, and family management. Responsibilities include evaluation of home environment and family network, eligibility for federal or state financial support programs, recruitment and coordination of appropriate home care services, psychological counseling, emotional problem solving, overall monitoring of home care plan.

#### Nursing Care

Services are provided by Registered Nurses (RNs) and Licensed Practical Nurses (LPNs). General services include:

- Observation of patient and evaluation of conditions. Management of care plan.
- Education and training to help patient understand and implement treatment program.
- Supervise LPNs and CNAs (Certified Nursing Assistants).
- Administer specific treatment programs.

#### Rehabilitative Therapies

Services are provided by licensed physical therapists (LPTs), occupational therapists (OTs), speech therapists and respiratory therapists.

- Physical Therapy: Helps restore function or prevent loss following surgery, illness, or physical injury. Examples of treatment include therapeutic exercise, traction, massage, gait training to restore lost ability to walk, use of prosthetic devices, ultrasound therapy and whirlpool.
- Occupational Therapy: Helps patient accomplish daily living independence through education and training in personal care, maximize functions with disability, developing coping techniques and vocational training.
- Speech Therapy: Enables patient to communicate by education and training in techniques to overcome speech problems caused by injury or neurological disease.
- Respiratory Therapy: Overcomes respiratory problems caused by illness or chronic disease by training and help in the use and maintenance of breathing aids and administration of medication.

**Trilogy**  
Home Healthcare

Serving Indian River, St. Lucie  
and Okeechobee counties.

### Home Health Aide Care

Services are provided by CNAs and/or Home Health Aides (HHAs).

- Bathing, dressing, grooming, general hygiene.
- Assistance with ambulation, feeding, meal preparation, bed linen changes and positioning in bed.
- Help in managing incontinence.
- Help with routine exercise and rehabilitation therapy programs.
- Maintain medication schedule.

### Nutritional Services

Services provided by Registered Dietitians (RD) and RNs specializing in diabetes. Enhances health by counseling patients requiring special nutrition therapy and education. Monitoring insulin therapy and training diabetics in nutrition is involved.

### Homemaker Services

Services normally provided by home health care agencies that screen, supervise and bond their employees. Services relieve patient of homemaking while recovering from illness or injury, or who have progressive disability. Service can include shopping, cooking, house cleaning, companionship, household management and general monitoring of well-being.

### Navigating the Transition to Senior Care?

**Our Trusted Experts Are Here To Help.** Finding the Right Care Option  
CarePatrol of the Treasure Coast

We help families find assisted living, independent living, memory care, and in-home care options. Let us take you on a virtual tour of recommended communities based on your needs. Each one is reviewed for their history of quality care. Plus, we'll facilitate the transition, connecting you with resources and information along the way. We are a FREE service and welcome the opportunity to guide you.

## SECTION XII - Assisted Living Communities

Assisted Living Facilities (ALF) are licensed by the state of Florida to provide personal care and services to qualified residents. These services include assistance with daily living activities such as bathing, dressing, personal hygiene, medication management, three meals a day, and an activity program. The ALF resident does not require twenty-four hour nursing care as provided in a nursing facility. Each ALF is unique. For information about services or resident qualification contact the ALFs.

## SECTION XIII - Independent Living Communities

Independent Living is for seniors who are able to live on their own in an apartment or house, but who want the conveniences of living within a community that provides services and amenities such as housekeeping, physical and mental stimulation, dining, transportation, security, or the option of assistance with daily tasks or medical care if they need it later on. The most significant difference between assisted living and independent senior living is the care provided.

### Ilyadis, Latia H., D.O., Internal Medicine/Pediatrics

Medical College: New York College of Osteopathic  
 Medicine (NYIT), Old Westbury, New York 2008  
 Internship: Albany Medical Center: Internal Medicine/  
 Pediatrics, Albany, New York 2004-2005  
 Residency: Albany Medical Center: Internal Medicine/  
 Pediatric, Albany, New York 2005-2008  
 Board Certified in Internal Medicine, 2020  
 Pediatrics, 2018

## SECTION XIV - Physicians' Medical Biographies

### Johnson, Indley, M.D., Pulmonary Medicine

Medical College: Ross University  
 Residency: NY Presbyterian Brooklyn Methodist Hospital  
 Board Certified: Internal Medicine, Pulmonary Disease  
 Current Hospital Appointment: Cleveland Clinic  
 Indian River Hospital

### Kane, William V., M.D.,

#### Physical Medicine and Rehabilitation

Medical College: Albert Einstein College of Medicine,  
 New York, New York, 2000  
 Internship: Internal Medicine, Jacobi Medical Center,  
 Bronx, New York, 2000-01  
 Residency: Physical Medicine and Rehabilitation,  
 New York-Presbyterian Hospital, New York, New York,  
 2001-2004  
 Board Certified: American Board of Physical Medicine and Rehabilitation  
 Current Hospital Affiliations: Encompass Health,  
 The Advanced Center for Surgery

### Karaca, Mehmet, M.D., Internal Medicine

Medical College: Istanbul University Cerrahpasa Faculty of  
 Medicine  
 Residency: Michael Reese Hospital and Medical Center  
 Board Certified: Internal Medicine  
 Current Hospital Appointment: Cleveland Clinic  
 Indian River Hospital

### Khodadadeh, Sarah S., M.D., Ophthalmology,

Medical College: Wayne State University,  
 Detroit, Michigan, 2007  
 Internship: Henry Ford Hospital, Transitional Internal  
 Medicine, Detroit, Michigan, 2008  
 Residency: Henry Ford Hospital, Detroit, Michigan,  
 Chief Resident, Department of Ophthalmology, 2011  
 Fellowship in Glaucoma: Yale University,  
 New Haven, Connecticut, 2014  
 Board Certified in Ophthalmology, 2012  
 Current Hospital Appointments: Vero Beach Surgery Center  
 Affiliations: American Academy of Ophthalmology; American Academy of  
 Ophthalmology Self-Assessment Committee

## SECTION XIV - Physicians' Medical Biographies

### Khurana, R. Seema, D.O., Physical Medicine and Rehabilitation

Medical College: Wayne State University, Detroit, MI;  
Michigan State University School of Osteopathic Medicine,  
East Lansing, MI  
Internship - Transitional Year: Botsford General Hospital,  
Farmington Hills, MI  
Residency: Physical Medicine and Rehabilitation, University  
of Michigan Health System, Ann Arbor, MI-Chief Resident 2004-2005  
Fellowship: Clinical Multiple Sclerosis, University of Washington Medical  
Center, Seattle, WA  
Certification: Heart/Lung Transplant and Ventricular Assist Device Program,  
American Board of Physical Medicine and Rehabilitation, Advanced  
Cardiac Life Support, Pediatric Advanced Life Support, Basic Life Support,  
National Board of Osteopathic Medical Examiners  
Current Hospital Appointment: Encompass Health Rehabilitation Hospital

### Kitchell, Collin, M.D., Family Medicine

Medical College: Ross University, Florida  
Residency: Self Regional Healthcare  
Board Certified: Family Medicine, Sports Medicine  
Current Hospital Appointment: Cleveland Clinic  
Indian River Hospital

### Krick, James, D.O., Urology

Medical College: Ohio University College of Osteopathic  
Medicine  
Residency: Michigan State University - Beaumont  
Hospital; Cuyahoga Falls General Hospital  
Board Certified: Urology  
Current Hospital Appointment: Cleveland Clinic  
Indian River Hospital

### Lieberman, Marc E., M.D., Ear, Nose, and Throat/Facial Plastic Surgery

Medical College: Robert Wood Johnson Medical School,  
Piscataway, New Jersey, 1981  
Internship: Suny Upstate Medical Center, Syracuse, New York, 1981-82  
Residency in Otolaryngology: Suny Upstate Medical Center,  
New York, 1982-86  
Board Certified: Otolaryngology, 1986; Facial Plastic Surgery, 1991  
Fellowship: Facial Plastic Surgery/ Dr. Clyde Litton, Washington, D.C.  
Current Hospital Appointments: CCIRH, Encompass Health

## SECTION XIV - Physicians' Medical Biographies

### Likhtshteyn, Michelle, M.D., Gastroenterology

Medical College: St. George's University  
Residency: SUNY Downstate Health Sciences University  
Board Certified: Internal Medicine  
Current Hospital Appointment: Cleveland Clinic  
Indian River Hospital

### Lobo, Melvyn, M.D., Family Medicine

Medical College: Dow Medical College/University  
of Karachi, Pakistan  
Residency: Ellis Medicine Family Practice  
Residency Program  
Board Certified: Family Practice  
Current Hospital Appointment: Cleveland Clinic  
Indian River Hospital

### Lockhart, Jimmy, M.D., Physical Medicine and Rehabilitation

Medical College: Meharry Medical College,  
Nashville, Tennessee: 2000  
Internship and Residency in Physical Medicine and  
Rehabilitation: Louisiana State University Medical  
Center, New Orleans, Louisiana, 2002-2003  
Certification: Diplomate, American Board of Physical  
Medicine and Rehabilitation, Fellow, American Academy of Physical  
Medicine and Rehabilitation  
Current Hospital Appointments: Encompass Health, Medical Director;  
CCIRH, SRMC  
Affiliations: American Board of Physical Medicine and Rehabilitation  
American Academy of Physical Medicine and Rehabilitation, AMA,  
American Association of Neuromuscular and Electrodiagnostic  
Medicine, American College of Physician Executives, Florida  
Society of Physical Medicine and Rehabilitation, Florida Medical  
Association and Indian River County Medical Society; Associate  
Professor, Florida State University College of Medicine

### Maholtz, Michele, M.D., Aesthetic Medicine

Medical College: Jefferson Medical College,  
Philadelphia, Pennsylvania, 1985  
Residency in Family Medicine: Hamot Medical Center,  
Eric, Pennsylvania, 1987  
Residency in Internal Medicine: University of Rochester, 1989  
Fellowship in Pulmonary/Critical Care: University of  
Pittsburgh, Pittsburgh, Pennsylvania, 1993  
Current Hospital Appointment: CCIRH, Director-Wound  
Healing Center

## SECTION XIV - Physicians' Medical Biographies

### **Makam, Raghavendra, M.D., Cardiology**

Medical College: Bangalore Medical College and Research Institute  
 Residency: Berskhire Medical Center  
 Board Certified: Internal Medicine, Cardiovascular Disease, Advanced Heart Failure and Transplant Cardiology  
 Current Hospital Appointment: Cleveland Clinic Indian River Hospital

### **Malave-Huertas, Deni, M.D., Obstetrics/Gynecology**

Medical College: Universidad Autonoma de Guadalajara, Mexico  
 Residency: San Juan City Hospital  
 Board Certified: Obstetrics & Gynecology  
 Current Hospital Appointment: Cleveland Clinic Indian River Hospital

### **Maldonado, Diego, M.D., Pulmonary Medicine**

Medical College: Universidad Central del Ecuador  
 Residency: Jackson Memorial Hospital  
 Board Certified: Critical Care Medicine, Internal Medicine, Pulmonary Disease  
 Current Hospital Appointment: Cleveland Clinic Indian River Hospital

### **Malone, Marcus J., M.D.,**

#### **Physical Medicine and Rehabilitation**

Medical College: St. Matthews University, 2002  
 Internship: University of Virginia, Charlottesville, Virginia, 2003-04  
 Residency in Physical Medicine and Rehabilitation: Marianjoy Rehabilitation Hospital, Wheaton, Illinois 2004-07  
 Board Certified: Physical Medicine & Rehabilitation  
 Current Hospital Appointments: Encompass Health, Grove Place Surgery Center  
 Affiliations: American Academy of Physical Medicine and Rehabilitation

### **Martinez Rojas, Maria, M.D., Internal Medicine**

Medical College: Saint Barnabas Hospital  
 Residency: University del Zulia  
 Board Certified: Internal Medicine  
 Current Hospital Appointment: Cleveland Clinic Indian River Hospital

## SECTION XIV - Physicians' Medical Biographies

### **Mason, R. Carrington, D.O., Urology**

Medical College: Texas College of Osteopathic Medicine  
 Residency: Methodist Hospitals-Dallas, Ochsner Clinic Foundation Hospital  
 Board Certified: Urology  
 Current Hospital Appointment: Cleveland Clinic Indian River Hospital

### **Massarotti, Haane, M.D., Colorectal Surgery**

Medical College: University of Hawaii at Manoa  
 Residency: Lehigh Valley Health Network  
 Board Certified: Colon and Rectal Surgery  
 Current Hospital Appointment: Cleveland Clinic Indian River Hospital

### **Mays, Ashley, M.D., Otolaryngology/Head and Neck Reconstructive Surgery**

Medical College: Brody School of Medicine at East Carolina University  
 Residency: Wake Forest University  
 Board Certified: Otolaryngology - Head and Neck Surgery  
 Current Hospital Appointment: Cleveland Clinic Indian River Hospital

### **Mazziotta, Michael A., DPM, FACFAS, FACPM**

### Ziel, Ellis, M.D., Radiation Oncology

Medical College: University of Alabama School of Medicine  
Residency: Rush University Medical Center  
Board Certified: Radiology  
Current Hospital Appointment: Cleveland Clinic Indian River Hospital

## Indian River County Project Lifesaver

### What is Project Lifesaver?

Project Lifesaver is a program designed to track and locate lost individuals. Those at risk for wandering include individuals with Alzheimer's disease or other forms of dementia, as well as those diagnosed with Autism.

### How does Project Lifesaver work?

Project Lifesaver provides an individual with a bracelet containing a radio transmitter with an individual frequency. When a person wearing this bracelet is reported missing, law enforcement can track and locate this bracelet with both ground and air tracking devices.

### Presented by:

- Alzheimer's Foundation of America
- Alzheimer and Parkinson Association of Indian River County
- Indian River County Sheriff's Office

2300 5th Avenue, Suite 150

# FLORIDA'S ALERT SYSTEMS

Florida has four different alert systems that it can activate in emergencies or during critical events. Listed below are the Alerts and what they mean.

**T**he Florida Silver Alert Plan leverages community resources to aid in the recovery of a missing person with an irreversible deterioration of intellectual faculties (e.g. Alzheimer's or dementia). There are two types of Silver Alerts in Florida: the Local Silver Alert and the State Silver Alert. Each agency may have its own policy or procedure for Silver Alert activations. The following Local Silver Alert criteria and activation steps have been recommended by the Silver Alert Support Committee.

**Blue Alert:** The Florida Blue Alert is designed to notify the public of critical information when a law enforcement officer is killed, suffered serious bodily injury, or is missing while in the line of duty and the suspect, who is considered to pose an imminent threat to the public, is still at large.

**Amber Alert:** An Amber Alert is an emergency message issued when "a law enforcement agency determines that a child under the age of 18 has been abducted" and is in "imminent danger," the Department of Justice (DOJ) explains. The "AMBER" stands for "America's Missing: Broadcast Emergency Response."

**Purple Alert:** The person who is the subject of a Purple Alert must have an intellectual or developmental disability or suffer from a brain injury and/or physical, mental or emotional disability that is not related to substance abuse.

The **Purple Alert** alert is the newest alert added in 2022.

**1-888-FL Missing (888-356-4774)**

# YOUR FIRST CHOICE FOR A SECOND OPINION

## CHOOSE A LEADER IN CARDIAC SURGERY

Second opinions save lives. That's why Cleveland Clinic Indian River Hospital is your first choice for a second opinion on cardiac surgery. With minimally invasive options and shortened recovery times, our heart surgeons provide world class care on the Treasure Coast. From pioneering research to cardiovascular surgery, trust our heart experts for every care in the world.

Call 855.881.1972 to schedule an appointment.
